Design and Supervision of Lot 5 Roads in the LAMATA/World Bank Project

Client: Lagos Area Metropolitan Transport Authority (LAMATA)

Location: Lagos Metropolis

Date: 2004

Design and Construction Supervision of three roads totaling 4.5 km as part of the LAMATA/World Bank Lagos Urban Transport Project (LUTP). The rehabilitation covered road pavement and side walk improvements including environmental impact assessment, traffic and pedestrian safety measures. The detailed design involved cross section and drainage, road pavement strengthening, road signs, markings and lighting. Tender and contract documents suitable for procurement of works contracts.
