..... Consulting Engineers

## Faculty of Natural Sciences and Students Hostels.

**Client:** National Universities Commission of Nigeria.  
**Location:** University of Jos, Plateau - Nigeria.  
**Date:** 1986

The Project entails the following:

- The Science faculty houses all the science disciplines in the University and includes a natural history museum, lecture theatres, greenhouses, aquarium, vivarium and a small zoo.
- The hostels are designed to house 750 students in 5 blocks, three of which are for male and two for female students. Each block has a separate common study room and the complex also sites a separate main common room block, dining halls and kitchen to feed 500 students per sitting.
- Security aspects in each hostel block and between the blocks were a major client requirement and became an important design criteria, solved with modular precast concrete panels.
- Allott (Nigeria) Ltd. and James Cubitt worked together to enable the final completion of the Hostels to be in 1989.
