Design of Water Supplies

Client: MJ Gleeson(Nigeria) Ltd

Location: Benue State

Date: 2003

M J Gleeson (Nigeria) Ltd were invited by Benue State Public Utilities Board to make detailed turnkey proposals for the provision of water supplies to 40 small towns and villages in Benue State. In 1983 M J Gleeson (Nigeria) Ltd appointed Allott (Nigeria) Ltd as consulting engineers. The commission consisted of a review of the feasibility study carried out by Tahal Consultants and later proposals made by PCI (Nigeria) Ltd. Following visits to the 40 small towns and villages and a number of potential water sources, preliminary scheme designs were carried out which were costed. These formed the basis of a turnkey proposal submitted by M J Gleeson (Nigeria) Ltd.
