

ALLOTT (NIGERIA) LTD
..... Consulting Engineers

Office Block and Banking Hall.

Client: K. Chellaram & Sons

Location: Lagos State - Nigeria.

Allott (Nigeria) Ltd. in conjunction with Allott & Lomax UK were appointed as part of a multi-discipline design and management team for a new commercial development in Lagos for K Chellaram & Son, a private trading company.

The building provides accommodation for banking facilities on the first two floors, eleven floors of office accommodation and penthouses. The total floor area is approximately 13,500 square metres.

The consultant's role was to provide and plan for the design, management and Supervision of the civil works and to manage the implementation of the project, including schedules and cost management.

Due to its prestigious location, the main street of Lagos, the client called for a very high standard of design. Consequently, the majority of construction materials had to be imported. To meet the required deadline, tightly controlled Skills ensured that the building was completed to the satisfaction of the client.
